## SCHEDULING GUIDELINES

It is the responsibility of the Cobb Galleria Centre to operate the facilities in a sound business manner. Cobb Galleria Centre reserves the right to promote, solicit, develop and make reservations for any activity deemed appropriate to the Centre's objectives and to qualify all activities requesting use of the facility. Subject to the priorities outlined below, the Centre may exercise discretion in the issuance, modification or termination of scheduling commitments.

For activities that are considered to be competing for specialized local markets, Cobb Galleria Centre may, at its discretion, maintain a clearance period prior to an existing event and any similar event competing for essentially the same special market. However, no agreement with any user will be executed requiring a clearance period. Generally speaking, such special considerations do not apply to conventions and trade shows and other Category A activities (see below). However, the Centre shall have the right to establish a clearance period for highly competitive activities as deemed appropriate to the welfare of the Centre.

**Category A:** First priority for the scheduling of dates and space will be available to:

- Regional, national and international conventions, trade shows, corporate meetings and similar activities. These events generate significant attendance from outside the Atlanta metropolitan area and/or are not normally open to the general public
- Local special events that may be deemed appropriate to the overall sales objectives of the Cobb Galleria Centre

The facilities and date scheduling commitments for Category A events and activities may be made as far in advance as is necessary or appropriate and will supersede Category B and C events unless a lease agreement has been previously executed by the Centre and the client.

**Category B:** Second priority for the scheduling of dates and space will be available to:

- State conventions, consumer or public exhibitions, special events and banquets that essentially draw from, or appeal to, the general public and/or local attendees

The facilities and date scheduling commitments for Category B events and activities may be contracted up to twelve (12) months in advance.

**Category C:** Third priority for the scheduling of dates and space will be available to:

- Local corporate meetings, seminars, business meetings and similar activities that generate a local attendance. The space may be contracted for Category C events up to six months in advance

**Preference:** If alternative dates are offered to accommodate a first priority event, the Cobb Galleria Centre will give preference to long-standing annual public and commercial shows with a proven record of success and significant impact to the community over other second priority scheduling commitments.

---

## EVENT SCHEDULING PROCESS

In the process of scheduling space and dates at the Cobb Galleria Centre, the following definitions shall apply:

**First Option:** Space and dates reserved on a first option basis are contingent upon the Scheduling Guidelines and may be superseded by a higher category event.

**Tentative:** Space and dates will be considered tentative once the Cobb Galleria Centre has issued a lease agreement to the client. The client is required to sign and return the agreement with the necessary deposit within fourteen (14) days of receipt.

**Definite:** Space and dates will be considered definite once the deposit has been received and the lessee and the Centre have signed the agreement.

---

## DEPOSITS

A minimum deposit of twenty-five percent (25%) of the anticipated rental amount is required for all activities upon execution of a formal Cobb Galleria Centre Lease Agreement. First-time events, without a history at the Centre, may be required to remit up to one hundred percent (100%) of anticipated expenses prior to the event.

---

## SUBLEASING

Leased space is to be used for purposes directly related to lessee's convention or trade show and shall not be assigned or sublet to other organizations. Such organizations will be required to make an independent lease agreement for space within Cobb Galleria Centre.
